GOOGLE MAPS FOR POWER BI

1-Page Configuration Guide

To set up Google Maps for PowerBI, please follow the next steps:

1. Open Power BI, click the three dots button in the Visualization section on the right. Search for the Dynamica Labs visual component and add it.

4. Go to <u>https://console.cloud.google.com/google/maps-apis/api-list?project</u> to enable Maps JavaScript API and copy your Google Maps Key.
